

AIN REE
PARK GROUP PRACTICE

Working with Patients to achieve excellence in local health care

PATIENT PARTICIPATION GROUP

MONDAY 16 January 2017 6.30 ORIEL DRIVE

1 Welcome & Intro	
2 Discussion topic Pressures in primary care Dr Wigglesworth	Dr Wigglesworth gave an overview of the pressures in primary care at the moment and how this impacts on Aintree Park. Recruitment has been a key issue for us with the practice struggling to find new GP (s). We rely heavily on locum cover which is not ideal as it does can impact on continuity of care.
3 Staffing update	JL updated on the current staffing position. We are still short of GPs but have will be retaining an additional nurse practitioner after the current maternity leave cover. We have lost a couple of receptionists and will be recruiting, as this impacts on our telephone answering
4 AOB
